Our Purpose & Vision

Our Purpose

Exceptional care, always.

Our Vision

Our vision is to be the trusted hospital of choice for our patients, people, partners and the community.

Our Approach

- We care with empathy and respect
- We strive for exceptional outcomes
- We prioritise safety, well-being and our environmental impact
- We embrace new ideas and technology
- We invest in continuous learning and professional growth
- We work together as a team and value diversity

The Burnside Hospital's Strategic Plan has been developed by the organisation to establish the direction and framework for the four year period with the intent to inform the community and key stakeholders of the goals and objectives.

Our **Strategic Plan** 2023-26

Exceptional care, **always**

Strategic Pillar 1 -**Growing to Meet Current** & Future Needs

Targeted | Collaborative | Sustainable

. _ _ _ _ _ _

We thrive in a changing health care landscape by evolving and growing our services through diversification, innovation and partnership.

	,

Increased engagement with referral partners.	

Strategic Pillar 2 -**An Extraordinary Place to Work**

Valued | Empowered | **Supported To Grow**

We offer an extraordinary place to work where employees, VMOs and volunteers are valued, empowered and supported by a culture of care and growth.

Strategic Pillar 3 -**Exceptional Service & Patient Experience**

Caring | High Quality | **Community Aligned**

We deliver exceptional care and quality services, providing our community with a safe, seamless, patient-centered experience.

What We Will Do Oevelop a Clinical Service Delivery Framework to guide the evolution and ongoing viability of our service offering

- Suild systems and processes to support activity-based costing, understanding of cost drivers and identification of initiatives to increase efficiency
- Develop a strategy and implementation plan to build our virtual care service offerings to offer greater options and choice to the community
- Invest in a progressive modernisation program for our physical assets to promote positive experiences
- Continue to improve the quality and consistency of our patients' experiences of their care
- Continue to build and nurture through partnership, education, marketing and support.

What We Will See

- Patients continue to report that they have choice in their care, receive timely and comforting services and have confidence and trust in the services they receive
- ✓ Our physical assets are modern. efficient and positively impact patient, family and staff experiences
 - Our patients are given opportunities to choose how and where they access our services.

Strategic Pillar 4 -Invest In Data & **Digital Technology**

Innovative | Connected | Enabling

We integrate data and digital technology across our business to transform our systems, services and experiences for patients, employees, VMOs, and partners.

What We Will Do

- Continually and efficiently invest in the ICT Environment to ensure our systems continue to operate within a high security environment
- Oevelop a digital transformation master plan that sets our ambition for digital integration and innovation, and guides our technological investment
- Stablish an innovation forum for staff and partners to rapidly test new ideas for digital adoption
- \checkmark Invest in a data analytics function and hub to deliver internal analytics capability in identified business areas
- Explore opportunities to better connect points of care through easy to implement digital tools and solutions.

What We Will See

- System downtimes are minimized and integrity of ICT security is maintained at a continuous high level
- We have actions and timelines to transform our digital capability in the short, medium and long term
- ✓ Our staff and partners are actively shaping the digital transformation of Burnside
- The collection and analysis of data is integrated in our everyday practice, and is efficient and effective in identifying areas for operational improvement
- Our care and people are better connected.

Strategic Pillar 5 -**Connected To Our Community**

Responsible | Adaptive | Supportive
